FROM THE MAYOR'S CORNER

Dear Surfsiders,

Shortly, school will be out for the summer. We all need to slow down and be mindful of the stop signs. The Police tell me that most of the traffic tickets they write are written to Surfside residents. Avoid a tragedy; slow down.

It would be hard to miss the construction activity in Town. The new Water Park is still on track to be open by the start of summer vacation and the two traffic control proj-

ects are progressing on schedule. Please pardon the inconvenience; it is the price of progress.

Family Fun Day at the 96th Street Park is scheduled for June 6th. A special thanks to Vice Mayor MacBride and his Recreation Committee for all their hard work. Many new activities are happening at the Community Center. Look to <http://town.surfside.fl.us/> for notice of all Town activities. Speaking of activities, the Game Room in the Community Center continues to be underutilized. Ping Pong, Air

Hockey, Foosball and other games are available in a supervised atmosphere.

If you have not been to a Family Fun Day, you are missing a really great opportunity to meet your neighbors. The Commissioners and I look forward to seeing you there. Have a great summer!

Tim Will

Your Mayor

COMPOST TRAINING AND SUBSIDIZED COMPOST BIN SALE

When: June 19, 2004 @ 9:00 a.m.

Where: Surfside Community Center

Yard trash (landscape waste and grass clippings) comprises approximately 25% of our residential waste stream. Over the past year, the Town has developed a backyard compost demonstration project located at the pump station at the intersection of 89th Street and Dickens Avenue. The project demonstrates the process that could be used by homeowners to transform yard waste into compost.

The project goals include:

- Public education;
- Resource conservation;
- Environmental stewardship; and
- Environmental compliance

compost training. The training, which will be provided at no cost to residents, is scheduled for June 19, 2004, at the Surfside Community Center. The training will be facilitated by Dr. Monica Ozores-Hampton, Ph.D., a research fellow at the University of Florida and renowned compost expert. In conjunction with the training, Surfside will also offer subsidized compost bins for sale. The Town will subsidize the compost bins by over 50% and make them available to residents for \$30 (subsidy requires participation in the training).

Please call the Town Hall at (305)861-4863 to sign up or visit the backyard compost booth at the Town's Family Fun Day on June 6, 2004. The initial class will be limited to 30 residents.

Based on the success of the program, and interest expressed by residents, the Town is now offering backyard

SURFSIDE COMMISSION HIGHLIGHTS

1. TOWN MANAGER'S REPORT
